EXPERIENCE

Associate Product Manager, LearnLoop (edtech platform for K-12 tutoring)
Bengaluru | Jun 2023 – Present
- Launched an AI homework helper using GPT-4 and LangChain, reaching 12,000 weekly active students within 3 months
- Built an LLM evaluation harness in Python that cut answer-quality regressions by ~35%
- Ran 14 A/B tests on onboarding with Amplitude, lifting day-7 retention by 8 percentage points
- Partnered with a team of 4 engineers and 1 designer to redesign the parent dashboard

Product Analyst Intern, PayNest (fintech)
Mumbai | Jan 2022 – May 2022
- Wrote SQL dashboards in Metabase used by the growth team to track UPI payment funnel drop-off
- Identified a KYC step causing about 20% abandonment and presented findings to the founder

PROJECTS

Resume Ranker (side project) – github.com/priya-example/resume-ranker
- Built a Streamlit app that scores resumes against job descriptions using embeddings; 300 users in the first month

EDUCATION

B.Tech, Computer Science, NIT Trichy | 2019 – 2023 | CGPA 8.6
